MAIN BUILDING

PHOTO BY HARRIS, SHELBY, N. C.

Location and Buildings

The school is at Boiling Springs, Cleveland County, North Carolina. Boiling Springs, though incorporated as a town, is only a thickly settled country place. The section is noted for its beauty, for the general thrift of its people, and for the high moral and religious tone of its citizenship. It is an ideal place for a school of high grade.

The buildings consist of the following: main building, containing a large and well-appointed kitchen; a dining-room for two hundred students, butler's pantries, store rooms, fuel rooms, bath rooms and lavatories, all in basement story.

Upon the first floor are five recitation rooms, the library, the office, the auditorium, two music rooms, two parlors, two cloak rooms, and two society halls.

The other two stories of this building contain forty-four (44) dormitory rooms for girls, each room having two closets. For the architectural appearance of this building the reader is referred to the cut in this catalogue.

There are three (3) dormitory buildings for boys. One containing ten rooms and accommodation for twenty boys. Another with five rooms, accommodating ten young men. The new dormitory, a handsome brick structure with wide corridors, has twenty-four (24) rooms for boys.

History of School

The need of an associational high school had been recognized by many of the leading members of the Sandy Run and King's Mountain Baptist Associations for a number of years and had often been agitated in the sessions of the two associations. The Sandy Run was the first to take active steps looking to the erection of such a school, but found some difficulty in selecting a satisfactory location.

The King's Mountain Association at its session at Pleasant Hill in September, 1903, appointed a special committee to

canvass the situation and report at the next meeting of the Association "the wisdom and expediency of establishing and endowing a denominational high school for this Association alone or for this in connection with one or more neighboring associations." Rev. J. V. Devenny was chairman of this committee.

This special committee reported at the next session which convened at Zoar in September, 1904, in favor of such a school and recommended that a Board of fifteen Trustees be appointed at once to be grouped into three classes—first class to serve one year, second class, two years, and third class, three years. That the Association at each annual session thereafter elect five members to fill the places of those whose terms expire by limitation. The duty of the Board, as provided for, was "to act as representatives of the Association, to acquire property by gift, purchase or otherwise, collect funds and administer the same, select a site and erect buildings thereon for school purposes, employ and dismiss teachers and exercise all the duties and privileges commonly exercised by such bodies," and at an early date procure a charter from the State. The recommendations of the committee were adopted and a Board of fifteen Trustees appointed. The subscription books were then and there opened and several subscriptions received.

On October 10, 1904, the Trustees met in the Baptist Church in Shelby and organized by electing Rev. J. V. Devenny Chairman and Carme Elam Secretary. Rev. J. V. Devenny was also appointed Financial Agent to solicit funds, which position he held till the summer of 1907, when he tendered his resignation.

At a meeting on May 8, 1905, several propositions were received for the location of the proposed school. After careful deliberation, the Board selected Boiling Springs as the site for the school.

A meeting of the Board was held at King's Mountain on September 21, 1905, in connection with the annual session

of the King's Mountain Association. At this session of the Association a resolution was unanimously adopted inviting the Sandy Run Association to join the King's Mountain Association in erecting and operating the school which had been located near the border line of the two Associations. A committee was appointed to meet with the Sandy Run Association at its October session and present the resolution.

The Sandy Run Association unanimously and enthusiastically accepted the invitation and appointed ten Trustees to act jointly with the fifteen from the King's Mountain Association in erecting and operating the school.

The first joint meeting of the Trustees of these Associations was held at Boiling Springs on October 27, 1905. At this meeting a basis of co-operation and a new set of by-laws was adopted.

At the meeting on November 13, 1905, the committee on buildings submitted plans for two wood structures not to exceed in cost \$5,000. After careful deliberation, the Board rejected this recommendation and decided to erect a brick building to cost \$10,000, and a building committee was appointed to take charge of the work. The committee appointed to secure a charter for the school reported at its meeting on April 27, 1906, that the duty had been performed and that the corporate name of the school was "Boiling Springs High School, incorporated." The chairman reported that the Boiling Springs Church had executed deed to the school for the lands donated.

On June 1, 1906, the Board received the plans and specifications from the architect. The contract for the building was let, the work of construction began in the spring of 1907, and was pushed from that time on with all possible dispatch until the building was completed.

Like all undertakings of this class, the work was hard on those who had the burden to bear, but the Board is justly proud of its achievement in having erected what is generally conceded to be the best high school building in the State.

Owing to the rapid advance in cost of material and labor, the total cost of the building, outside of furniture, reached approximately \$35,000.

The Board secured the services of Prof. J. D. Huggins in May, 1907, as principal of the school. With a full corps of excellent teachers, he opened school the following October in temporary quarters, where they remained until January 1, 1908, when a part of the new building was ready for use, but the teachers and students worked under very great disadvantages throughout the term.

In the spring of 1909 Profs. J. D. Huggins and F. A. Brown were elected joint principals. In 1910 Profs. Huggins and Brown resigned and Rev. J. M. Hamrick was elected principal for one year. In June, 1911, Prof. W. J. Francis, of Haywood County, N. C., a graduate of Wake Forest College and a man of years of successful experience as teacher and school manager, was elected principal. Despite the difficulties incident to the establishment of a school of its kind, Boiling Springs High School has made steady and rapid progress until it is now classed as one of the best high schools in the State.

COURSE OF STUDY

Grades I to VII inclusive, as outlined in *Educational Bulletin VII*, containing course of study for elementary schools.

High School Course

First Year, Grades VIII and IX

English—Spelling: Payne's Common Words Commonly Misspelled, or Webster's Elementary Spelling Book. Composition: (Three short themes a week). Literature: Bunyan's Pilgrim's Progress, Longfellow's The Courtship of Miles Standish, and Evangeline.

Latin—Forms and simple sentences, etc.

Mathematics—Complete Arithmetic and High School Algebra to Fractions.

History—United States History reviewed and completed.

Science—Physiology and Hygiene.

Penmanship.

Second Year

English—Composition and Literature. Literature: Irving's Sketch Book, Lowell's Vision of Sir Launfal, Scott's Lady of the Lake, Scott's Ivanhoe, Lives of Great English Writers.

Latin—Reading, Composition, etc., Book I of Cæsar's Gallic War, Latin Grammar, Prose Composition.

Mathematics—High School Algebra, through Progressions.

Science—Physical Geography.

History—Ancient History to 800 A. D.

Bible.

Penmanship.

Third Year

English—Composition and Literature. Literature: Poe's Poems and Tales, Tennyson's Idylls of the King, George Eliot's Silas Marner, Merchant of Venice, Shakespeare's Julius Cæsar.

Latin—Cæsar, Grammar, Composition.

Mathematics—Plane Geometry.

History—English History.

Bible.

Penmanship.

Fourth Year

English—Composition and Literature. Literature: Shakespeare's Macbeth, Macaulay's Life of Johnson, Burke's Speech on the Conciliation with America, Milton's Minor Poems, Lives of Great English Writers. Tennyson's Idylls of the King may be substituted for Milton's Minor Poems.

Latin—Six Orations of Cicero, Composition, Latin Grammar.

Mathematics—Plane Geometry reviewed.

French—Reading and Grammar. Reading: La Tache du Petit Pierre; La Mere Michel et Son Chat; Le Tour de la France par Deux Enfants.

German—Reading and Grammar. Marchen und Erzählungen. Gluck. Immensee.

Bible. Physics.

Introductory course. Five periods a week for a year.

English Course

The following course will be given to those who do not prefer to take the full High School Course preparatory to entering college, and a certificate of proficiency stating the course taken will be awarded those completing it. The course is especially arranged for public school teachers. It is arranged to cover three years, as follows:

First Year

Grammar, United States History, Arithmetic, Geography, Physiology, Spelling, including the sounds of letters; Reading and Writing.

Second Year

Rhetoric and Composition, Arithmetic Completed, Algebra begun, English History, Spelling, Bible, Study of Current Events.

Third Year

English and American Literature, Algebra, General History, Civil Government, Spelling, Bible, Systematic Drills in the use of Textbooks.

Expenses

Board is furnished on the club plan, thus securing the best board at the least possible cost. The students take their meals at the same table with the teachers. Board in the club at cost estimated at from \$5.50 to \$6.50 per month. Each boarder must deposit \$6.50 on entrance. At the end of each school month he is required to pay his proportional part of the board, and the \$6.50 deposited at the beginning of the term is used in payment of his board for the last month, and any part remaining is refunded to the pupil. This is done simply to guard against loss to the boarding pupils.

Our Matron, Miss Rosa Kirby, is a graduate in Domestic Science and has had a number of years' experience as matron of boarding clubs, and her reputation bespeaks the most economical management and success of this department.

Room Rent

A charge of 75 cents per month will be made for room rent for girls in the main building, and rooms will be assigned in order of application, and those applying first will have choice of rooms.

In the boys' dormitories a charge of 50 cents and 75 cents will be made per month for rooms.

Wood will be furnished, cut in proper length, and placed in the dormitory for girls at a charge of \$4.25 for the entire year,

or for 85 cents per month for the winter months, beginning with November 1st. The same charges will be made for boys, but the wood will not be placed in the dormitories.

Rooms are equipped with all necessary heavy furniture, but boarding pupils will furnish buckets, dippers, wash basins, towels, soap, lamp, oil, sheets, blankets, comb and brush, and pillows.

Tuition

Tuition for the Preparatory Department will be from \$1.50 to \$2.50 per month, and in the High School Department from \$2.50 to \$3.50 per month, payable monthly.

SUMMARY OF CHARGES.

Literary Department

Table board, from \$5.50 to \$6.50 per month.

Tuition in Preparatory Department, from \$1.50 to \$2.50.

Tuition in High School, from \$2.50 to \$3.50.

Room rent, from 50 cents to 75 cents per month.

Fuel, 85 cents per month or \$4.25 for entire year.

Incidental fee of 25 cents per month.

Enrollment fee, \$1.00.

Library fee, 50 cents for the year; payable on entrance.

Graduating fee, \$2.00.

Department of Music

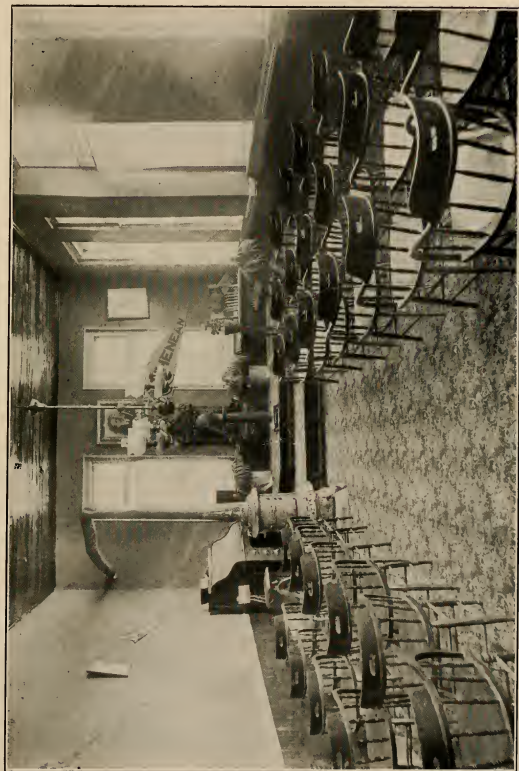

Tuition in Music Department, vocal or instrumental, \$3.00 per month.

Piano rent, 50 cents per month for one hour's practice per day.

Music in classes, 50 cents per month.

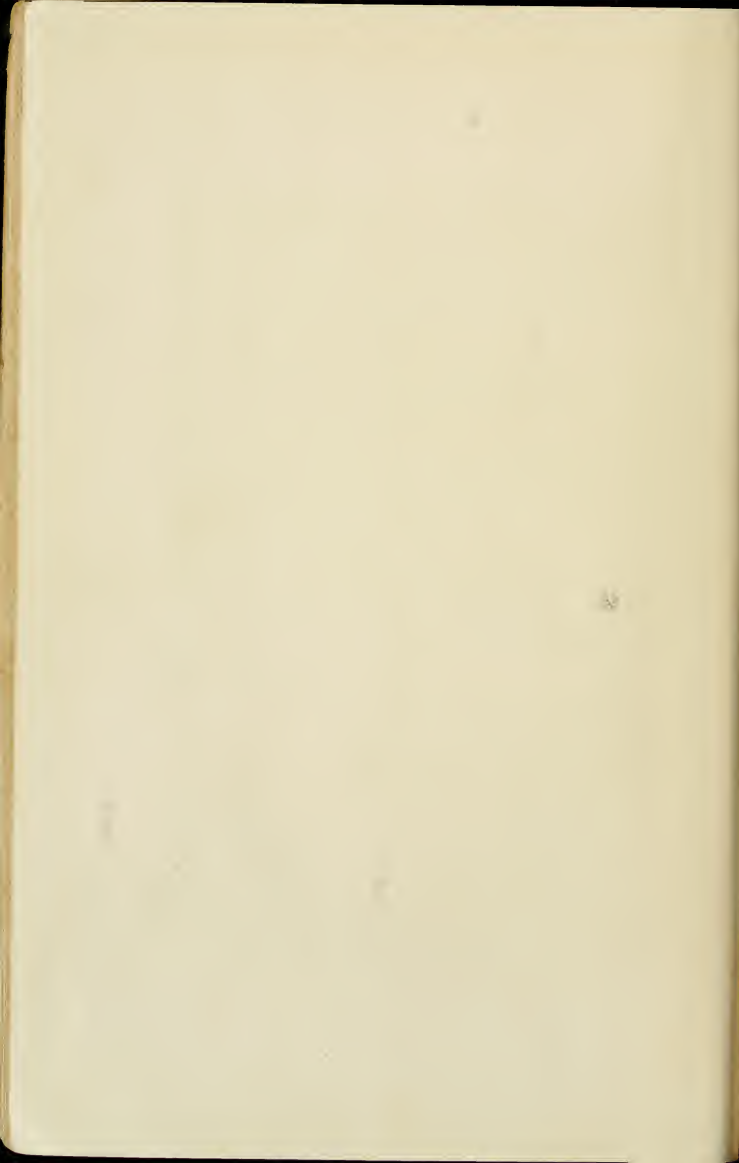

Commercial Department

Tuition in Commercial Department, \$18.00 for term of 18 weeks.

HALL OF ATHENIAN AND RAMSEUR LITERARY SOCIETIES

PHOTO BY HARRIS, SHEELY, N. C.

Uniforms

Uniforms for young ladies will cost from \$10.00 to \$13.00. Uniforms for young men will cost from \$12.50 to \$16.00.

Terms

All bills are payable at the end of each month, and those unable to pay cash should give negotiable notes, or make other satisfactory arrangements.

English

The work in English will be practical. Much time, therefore, will be devoted to the study of the fundamental principles of our language, such as drills in composition, writing, punctuation, paragraphing, capitalization, etc. Formal grammar will receive due attention, but the more important thing is the *use* of our language. The aim will be to enable the student not only to express his thoughts so that he may be understood, but so that he cannot be *misunderstood*. The masterpieces of our literature will be studied thoroughly and critically.

History

The course in History comprises North Carolina History, History of the United States, English History, and General History. The purpose of this course is not only to acquire a knowledge of men and events, but to gain an insight into the spirit which prompted men to action in making history.

Latin

Much time will be devoted to drilling the students in the principles of Latin syntax. A Latin Grammar, therefore, will be used as a reference during the entire course. Exercises in prose composition will be given daily until the students are familiar with the principles of syntax, when more attention will be given to translation.

Physics

Gage's Elementary Physics will be used as a textbook. As many experiments as possible will be performed by the students to impress upon their minds the principles involved.

French and German

A thorough course will be given in these branches. Much time will be devoted to the art of pronunciation, the rules of syntax, translating English into French or German. Readers will be used in connection with the grammar, and practice given in sight-reading.

Mathematics

The course given in Mathematics is broad. The object in teaching this subject is to enable the pupils to deduce their own rules and thus grasp the underlying principle of mathematics. Much drill will be given in Arithmetic, especially in common and decimal fractions, rapid addition and multiplication. In Algebra the use of symbols will receive much attention. The power to reason logically will be emphasized in Geometry. Neatness in all work is demanded.

Bible

This course is broad in its conception. An effort will be made to give the student a conception of the Bible as a whole, together with a knowledge of the leading characters in both the Old and New Testament. No special stress is put upon curious questions and critical theories. The purpose is rather to make the Scriptures disclose to the student the Christ as the Saviour of men.

This course is divided so as to cover three years. Two years are required, but the third year is optional with the student and may be substituted for either French or German.

Department of Music

This course offers exceptional advantages to the most discriminating. Instruction will be given in Piano, Voice and Theory. Instruction is given chorus work once a week. All voice pupils are required to join this class, and the privilege is extended to piano pupils as well as to pupils who study no branch of music. The course is arranged to cover four years, and is divided into practical and theoretical, and upon its completion a certificate of music is awarded.

Commercial Department

This course will be given only to those who show a sufficient acquaintance with the use of the English language. It will comprise instruction in Bookkeeping, Penmanship, Letter-writing, Shorthand, Typewriting. A diploma will be given those who complete the course.

Department of Expression

The object in this department is to cultivate in the student a taste for the best literature and encourage him to appropriate to his own life the best thoughts and feelings found in literature. He is taught to think while upon his feet and to give his own thoughts, as well as the thoughts of others, in the most effectual manner. While the student's mind, voice and body are trained as usual, special attention is given to dictionary drill-work and pronunciation.

Scholarships

Wake Forest College offers a scholarship each year to that male student of Bolling Springs High School who shall make the highest grade in deportment and scholarship.

Medals

The Graham Medal—Two beautiful medals are given by Rev. Graham, of Kings Mountain, N. C., one to that young lady who writes the best essay on some moral subject, and one to that young man who writes and delivers the best oration on a similar subject.

The Packard Medal—Mr. Lee Packard, of Cliffside, N. C., gives a nice medal to the best orator of the Athenian Literary Society.

The Childers Medal—Mr. J. E. Childers, of Cliffside, N. C., gives a suitable medal to the successful contestant in a declaimers' contest.

Readers' Medal—A nice medal is provided each year by some friend of the school for that young lady who is adjudged the best reader in the annual readers' contest.

Penmanship Medal—The teacher of the Commercial Department awards a medal annually to that student who makes the most improvement in penmanship.

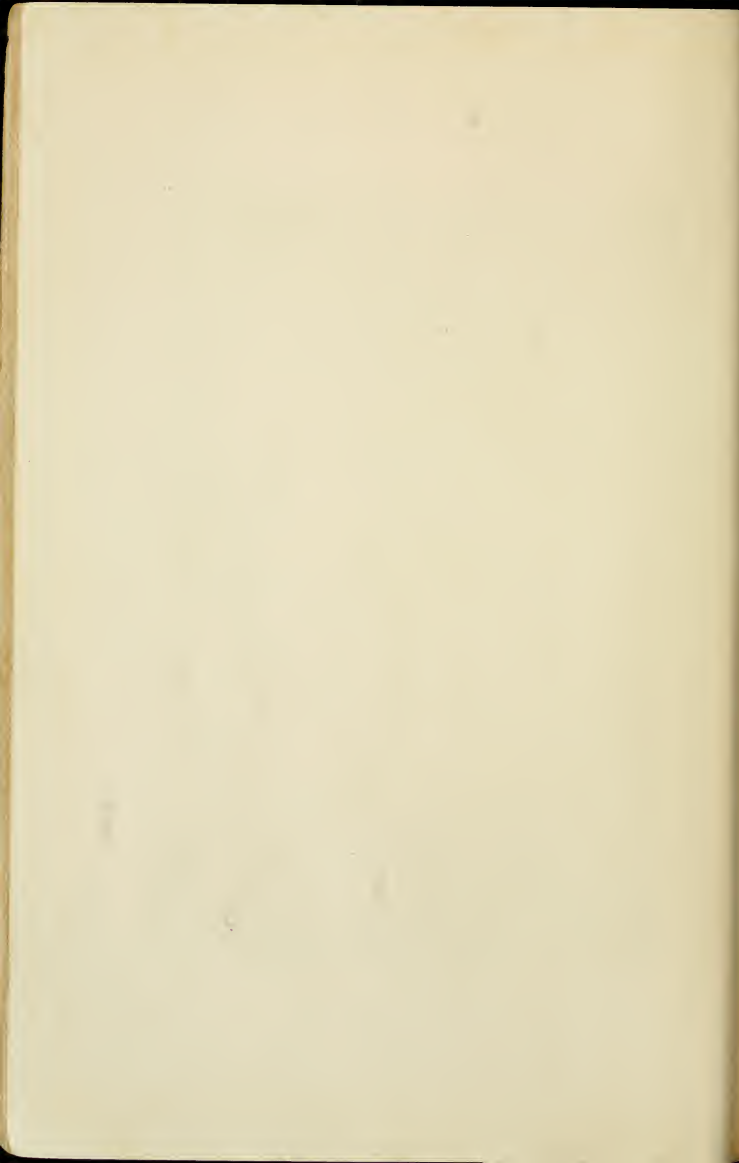

The Society Medals—The Athenian Literary Society awards a medal to that member who makes the most improvement in debate, and one to the best debater. The Kalagathian Literary Society awards one for improvement in debate, one for the best debate, and one for the best oration.

Grading and Reports

Daily recitations are marked on a scale of 10. Monthly grades are made on a scale of 100. Written examinations will be held at the end of each month or at the completion of a subject. All marks given during the month enter into the final grade for the month's work. The minimum grade for passing is 75 per cent. Reports will be sent to parents and guardians at the end of each month.

HALL OF THE KALAGATHIAN AND KALIEGEONIAN LITERARY SOCIETIES.
PHOTO BY HARRIS, SHELBY, N. C.

Uniforms

At its annual meeting the Board ordered that the students be required to wear uniforms. The attention of parents and guardians is called to the fact that this will make the clothing of their children and wards much less expensive. For good and sufficient reasons the Principal may excuse any student from the purchasing of uniforms.

Library and Reading Room

The school already has a good working library, including reference works, dictionaries, fiction, history, science, etc. The reading-room is furnished with some of the leading magazines, daily and weekly newspapers. One of the students is appointed to take charge of the library and reading-room. Students are urged to spend some time daily in the library and reading-room.

Literary Societies

There are four well-organized Literary Societies — the Athenian and Kalagathian for boys, and the Ramsaur and Kaliergeonian for girls. Each of these societies hold regular weekly meetings, and are doing most excellent work. All high school students are required to join.

Y. M. C. A. and Y. W. C. A.

The young men and young women meet separately every Sunday afternoon in a Y. M. C. A. and Y. W. C. A., respectively, and conduct interesting and befitting services. All students are encouraged to attend and participate in these meetings.

The Influence

It is the intention of the school that intellectual development and moral culture shall go hand in hand.

School is opened daily with devotional exercises, which all students are required to attend.

All students are required to attend Sunday-school and church services. The young men of the Y. M. C. A. and young ladies of the Y. W. C. A. co-operate with the faculty in every effort to strengthen a high moral sense in all, and in bringing every influence to bear that makes doing right easy, and doing wrong unpleasant.

In addition to the school influence, the morals of the community are unsurpassed, and the school enjoys the co-operation of the good people here in elevating the young people.

Athletic Association

The school has suitable grounds for basket-ball, tennis and baseball, and outdoor sports are encouraged, but will not be allowed to interfere with the student's progress in his studies.

Discipline

The aim of all true discipline is self-control. This result is most advantageously secured through the training of the judgment, the elevation of the ideals, the development of the powers of recognizing and obeying conscience, and the cultivation of honor. It is assumed that the students who enter this school are ladies and gentlemen; therefore, rules and regulations are reduced to the minimum, only such being formulated as are necessary for the general good of the students themselves. These, however, will be enforced kindly but firmly, and those who at any time find themselves unable to abide by them are earnestly requested to sever their connection with the school.

Each member of the faculty of the institution considers that his position imposes a sacred trust as responsible as that of the home, and supplemental to it. In all matters of discipline, therefore, both the good of the individual student and the influence of that student upon his fellow-students must be taken into consideration.

A few of the underlying principles of discipline are hereby given in order that parents may know what to expect of the school:

1. The purpose of the school is to combine the influence of culture and moral training with the advantages of intellectual discipline.

2. It is expected that every student will appreciate the advantages offered and will courteously observe the regulations found necessary for the "greatest good to the greatest number."

3. The Bible is considered the only safe textbook in moral training. Every student is earnestly urged to make its principles his rule of life and conduct.

4. Those who avail themselves of the advantages of this school, founded in the prayers and by the sacrifice of Christian men and women, are expected to accord reverence to the natural expressions of Christian thought and action. Personal belief in all forms of truth presented may not be expected in these days of free inquiry, but a reverential attitude toward truth is a moral prerequisite to the special advantages which the Christian school offers above other schools.

Therefore, the following requirements are made:

1. In deportment, each student will be expected and required to be faithful in work, prompt and regular in the performance of all school duties, and in their relations and intercourse with their teachers and their fellow-students to cultivate and practice those courtesies recognized by ladies and gentlemen.

2. The use of alcoholic drinks, card playing, gambling in any form, swearing, willful disobedience or any gross immoral conduct will not be tolerated.

3. Smoking in or about the school building and the use of cigarettes at any time while a member of this school is strictly forbidden.

4. All boisterous conduct in the halls and rooms is forbidden.

5. Students will not be allowed to keep firearms while connected with this school.

6. No secret societies will be allowed among the students, and no organization will be permitted that has not been approved by the faculty.

When students are admitted to the privileges of this school, they subject themselves to the terms and regulations published in this catalogue.

At any time, when it is deemed best for the interest of the school, the faculty will amend or change any requirement or regulation, or if they deem it wise, will suspend any requirement made.

General Regulations

Each student is required to be punctual and regular in attendance on recitation and chapel exercises, and is expected to yield a strict compliance with all class requirements.

Unnecessary absence from the school during the term cannot be allowed. It not only interferes with the student who is absent, but with those of the class to which he belongs, and with the good order of the school. Leave of absence, therefore, will be granted only upon evidence of illness or other imperative necessity.

Visitors cannot be received by pupils during study hours or later than 9:30 o'clock at night.

Young lady boarders will not be allowed to visit without an accompanying teacher, and then only at the discretion of the Principal.

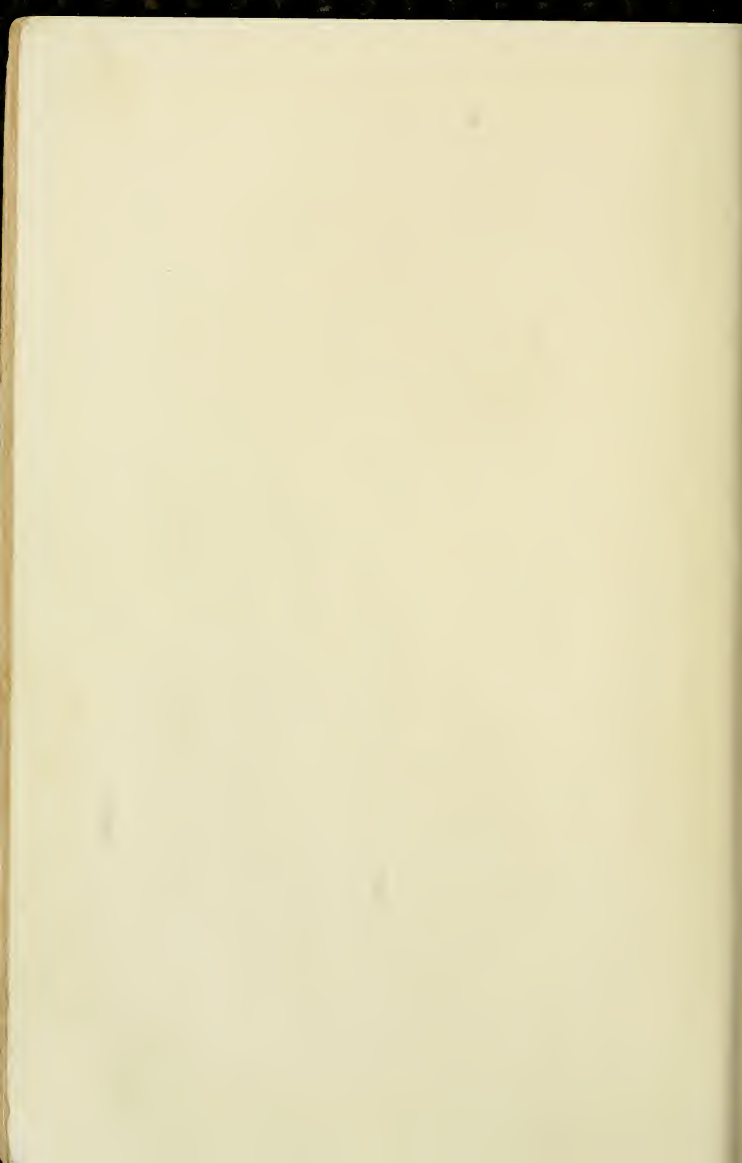

When students are placed in this school, its laws must prevail, and parents are not expected to interfere by calling their children away and directing their movements during the term.

The young men of the literary societies realizing the growing evil of hazing in school passed resolutions against it, and the Trustees at their annual meeting passed similar resolutions. It gives us pleasure to say to the public that there will be no hazing.

Boarding Accommodations

As noted elsewhere, there are dormitory rooms in the main building for 88 girls, and in the three dormitories for boys there are rooms for 78 boys—two to each room.

The girls will be under the watchcare of the lady principal, and all students will be under the direction of the Principal.

The boarding department will be under the direct management of Principal and Matron and will be run on the club plan, and board will be furnished at actual cost.

Advice to Parents

A clear statement of expenses will be found on another page of this catalogue. Parents are urged not to give their children more money than is absolutely needed to meet school expenses.

If you wish your children to leave the school for any purpose, please write the Principal to this effect.

Students who make accounts with merchants without the consent of parents given to the Principal may count on punishment, and merchants who credit will lose thereby.

If parents wish their children to make accounts with merchants they will please write the Principal to this effect.

Write us freely about your children. If anything goes wrong at the school, from your point of view, tell us all about it in a plain, frank way, and we will do our best to correct at once any such wrong, real or imaginary.

Boiling Springs is connected by telephone with all surrounding towns. Daily mail is brought to us from Shelby by R. F. D.

Telegraph messages intended for the school sent to Shelby or Lattimore will be telephoned to Boiling Springs.

Directions

1. All students are urged to enroll on Tuesday, August 15, 1911.
2. Lattimore is the most convenient railroad station. Shelby, N. C., R. F. D. No. 3, is the school's address. Telegrams sent to the school will be delivered from Shelby or Lattimore.
3. The rooms in the dormitories are furnished with heavy furniture. Each student should bring pillows, bed linen, covering, towels, lamps, table napkins, and comb and brush.
4. All laundry should be marked plainly with indelible ink.
5. Special attention is called to terms and table expenses as noted elsewhere.

Oxford College

(OXFORD SEMINARY)

For more than twenty years this school was known as Oxford Female College, at first under the presidency of Rev. Samuel Wait, D.D., and afterwards under that of Mr. John Mills. For more than twenty years it was known as Oxford Female Seminary, and for more than fifteen years it has been known as Oxford Seminary, under its present management. The name "Seminary" being now applied almost exclusively to theological schools, it is deemed wise to change the name "Seminary" to "College."

Courses of Study

A. B. and B. S.

The course of study leading to the degree of Bachelor of Arts has been extended by at least one full year's work. The requirements for admission have been raised.

For girls who have not the time or means for taking this A.B. Course, another course, shorter by one year, has been arranged. This course leads to the degree of Bachelor of Science. It requires no Latin after Cæsar, only one year in French, and no mathematics after algebra. It requires the same English Course, the same History Course, the same Physical Science Course, and the same Moral Science Course that the A.B. Course requires. This course is rendered just as practical as possible and seeks to relate itself to the needs of girls in after-life.

Faculty

The heads of departments are all specialists, and represent some of the great universities and colleges of the land—Vassar, Smith of Massachusetts, Hollins in Virginia, Boston School of Art, and the New York School of Design, and the Institute of Applied Music in New York.

Complete courses in Pedagogy and in Business are offered.

In respect to the extent of the Curriculum, the completeness of the equipment and the thoroughness of the instruction, it is not too much to claim that Oxford College is abreast of the colleges of the South.

Its rates are very reasonable—kept within reach of men of ordinary means. Board per school year \$100; literary tuition \$60; music, art, and business at moderate rates.

A few girls by doing light housework can pay nearly one-half these expenses.

For illustrated catalog, apply to

F. P. HOBGOOD, President, Oxford, N. C.

1854

Woman's College

1911

Richmond, Virginia

Located in the beautiful, historic and cultured city of the South. Large and able faculties, trained in the best Universities and Conservatories of this country and Europe. Specialists in their departments. Eight men, eighteen women. Carefully arranged courses of study lead to the degrees B. Litt., B. A., M. A. and B. Mus.

Health record remarkable. Official statistics prepared by Surgeon General Wyman, of the United States Marine Hospital Service give Richmond a pre-eminent position in point of health among American cities.

Accommodations first-class. Early application important. Terms moderate. Next session begins September 27th. For catalogue and other information, address

JAMES NELSON, M. A., LL. D., President.

WAKE FOREST COLLEGE

NEXT SESSION OPENS SEPTEMBER 5, 1911.

Sixteen independent Departments, embracing *Language, Mathematics, Sciences, Philosophy, Education, Bible, Law, and Medicine.*

Chemical, Physical, Biological and Medical Laboratories.

Library of 19,000 volumes; well-appointed Gymnasium and College Hospital; superior literary societies. Equipment, with endowment, valued at over a half million dollars.

Highest standard in Department of Medicine. The two-year course may be offered in the Bachelor of Science requirements. Full credit given in medical colleges without examination.

Highest standard in Department of Law. Fits for Supreme Court examination. Three-year course for LL.B. degree.

Entrance requirements, statement of expenses, courses, and other information may be had of

E. B. EARNSHAW, Secretary, Wake Forest, N. C.
